

## INDEX TO WESTERN AUSTRALIAN CONVICTS IN HO 8

**WA NUMBER:** Generally, the convicts from each hulk were given sequential Western Australian convict numbers. Where convicts on a transport ship have the same surname, the sequential numbers issued for a particular hulk can sometimes distinguish them. I have allocated the WA number that appears to fit the sequence. Very occasionally this does not agree with the information in *Convicts in Western Australia, 1850-1887* by Erickson and O'Mara.

\* **The Western Australian Number is a suggested number.** Please use this index in conjunction with the above book.

**SURNAME:** Spelling of convict surname may differ from above book

**YEARS:** Length of sentence

**AGE:** Often remains at the age of conviction

**DATE OF TRIAL:** The bookbinding is tight and often the day cannot be read. I have used '?' to indicate unreadable. i.e. ?3 could be 03, 13 or 23.

**PLACE OF TRIAL:** As noted on the Returns.

**CRIME:** Description of crime

**HULK OR PRISON:** Place convict held before boarding transport ship.

**HULK NUMBER:** Number assigned to convict while in above hulk or prison.

**TRANSFER DATE:** Date transferred to transport ship.

**SHIP:** Ship transporting convict to Western Australia.

If a convict is "missing" from the index it may be worth checking the hulk he could be on. The hulk may be indicted in the numerical index. Occasionally convicts were transported and it was not noted in the Quarterly Return.

It is advisable to look at **all** the Quarterly Returns during the time a convict was on board a hulk. The information – spelling of name, dates, place of trial and offence – can vary and additional useful information may be gained. The quality of the handwriting and ink can also vary, making some returns easier to read.
